Spa Services

Microdermabrasion

Improve age spots and blackheads on your face and bring back your sparkle with a professional exfoliation treatment! Break free from the outer, thicker, uneven layer of skin with Microdermabrasion and remove the damaged cells and start stimulating the skin's natural regenerating process today!

Dermplaning

Reveal a smoother, brighter complexion with Dermplaning! A perfectly safe and gentle method of exfoliation, excellent for rough, dry skin. Look like porcelain for that upcoming event with just one treatment!

Facials

Give your face a treat with one of our customized facials and watch your skin look healthy, rejuvenated, refreshed and renewed.

Chemical Peels (Medical Grade)

Chemical peels improve fine lines, hyperpigmentation, acne, acne scarring, melasma, sun damage, and dull skin. Various depths of exfoliation correspond to strength of peel.

Latisse®

Latisse solution is a prescription treatment for hypotrichosis used to thicken, lengthen, darken, and grow eyelashes.

BOTOX Cosmetic®

Go from "frown" face to "smiley" face with FDA approved Botox Cosmetic! Get rid of frown lines and crow's feet for results lasting up to 4 months.

DYSPORT®

Keep your expressions, but lose the evidence! Fight frown lines and the overdone or frozen look with Dysport, FDA approved to smooth the appearance of facial lines without drastically changing the look of your face lasting up to 4 months.

Dermal Fillers

Our practice provides the best, most up to date, cost-effective solutions to restore, volumize, plump, lift, refine, and rejuvenate the skin. These fillers stimulate collagen building for both men and women!

- Restylane-L®
- Restylane Lyft®
- Restylane Defyne®
- Restylane Refyne®
- Juvederm Ultra XC® and Ultra Plus XC®
- Juvederm Voluma XC®
- Juvederm Volbella®
- Juvederm Vollure®

Kybella®

Do you have a double chin? Contour your chin with Kybella, FDA approved injectable treatment for adults that destroys fat cells under the chin to improve your profile. Requires 2-4 treatments for the best permanent results.

Sculptra®

A unique collagen stimulating injectable, poly-L lactic acid, designed to replace lost collagen and correct shallow to deep wrinkles and folds that provides a more youthful look. Requires approximately 3+ treatments that last over 2+ years!

Sciton HALO

Halo uses ablative and non ablative energy to rejuvenate skin. Improves overall tone and texture in addition to significant removal of discoloration, reduction in the appearance of fine lines and wrinkles reduced pore size, skin reflectivity and glow. Similar results to a CO2 laser, without the downtime.

Sciton BBL

Forever Young BBL treats a wide variety of conditions. For skin rejuvenation, BBL removes age spots, freckles, redness, small vessels and more. BBL can also be used to reduce unwanted hair and control active acne. All areas of the body can be treated.

Elos IPL (Intense Pulse Light)

Dual energy with bipolar radio frequency and light to reduce freckles, age spots, blood vessels and rosacea. Restore youthful, healthy looking skin.

Laser Hair Removal

Never shave or wax again! Get smooth with laser hair removal from the Candela GentleMax Pro Laser – the Gold Standard in laser hair removal and FDA approved for ALL skin types! Remove your hair on all body parts quickly, comfortably and effectively.

Candela GentleMax Pro Laser

The time has come to say goodbye to sun spots, age spots, freckles, birth marks, hyperpigmentation, facial and leg veins!

eMatrix (Sublative)

Restore your skin's natural beauty with eMatrix, a fractionated bipolar radio frequency that requires 3-6 treatments to stimulate collagen and elastin. EMatrix takes 20-30 minutes and FDA approved to treat mild to severe wrinkles, acne scars, skin tone, textural irregularities, pore size, and stretch marks. Safe and effective on all skin types.

Sublime™

Uses light energy and bipolar radio frequency to stimulate new collagen growth, create smoother, brighter skin, and improve laxity and firmness of the skin.

Ultherapy

Ultherapy is the latest nonsurgical FDA approved treatment to lift, tone, firm, and tighten your neck, chin, brow, or chest WITHOUT surgery or major downtime. No needles, no injections!

PRP (Platelet-Rich Plasma)

PRP is concentrated blood plasma enriched with platelets that contain potent growth factors, cytokines, and fibroblasts to help rebuild damaged tissue.

Microneedling (Collagen Induction Therapy)

Newer innovative aesthetic treatment via tiny needles in a controlled fashion to create 'microinjury' to the skin in order to produce collagen and elastin for treatment of fine lines, acne scars, textural irregularities, stretch marks. Often paired with PRP for best results.

V-Beam Perfecta

Pulsed dye laser, treats almost all the vascular lesions, telangiectasia's, venous lake, cherry angioma, spider nevi and poikiloderma. Also can treat rosacea, warts, wrinkles and scars.
